Mr. Henry Wade
District Attorney
[illegible] Building
Dallas, Texas

Dear Mr. Wade:

I am informed by the Federal Bureau of Investigation and its members of my staff that your office has possession of seventeen items of property seized from Jack L. Ruby after his apprehension on November 24, 1963.

As you know, this Commission is nearing the end of its investigations. Prior to writing its Final Report, however, the Commission has decided that it must review the material Ruby gave to Dr. H. L. Kelly for your possession if this can be arranged without undue inconvenience to your office. I would like to arrange for the FBI to inspect the photographs these items of property so soon as can be arranged. I can assure you that every effort will be made to expedite this work and thereby prevent interference in the operation of this property.

I would appreciate your early advice on this matter.

Sincerely,

SIGNED

J. Lee Rankin
General Counsel
